Product Specification for RECOMBINANT DNA BIOSCIENCES Horizontal Electrophoresis System

विनिर्देश Specification	उप-विनिर्देश Sub-Spec	मूल्य Value
Generic	Description	Horizontal Electrophoresis System used for separation of DNA & RNA on their size/mass and/or electrical charge in molecular biology, cell biology laboratories in agarose gels
Parameters and Features	Length of the Gel Tray (mm)	100 mm
	Width of the Gel tray (mm)	70 mm
	Number of well combs	4
	Thickness of comb (mm)	1 mm
	Maximum Sample Capacity	10 to 30 samples per run
	Construction of Unit (Moulded/Fabricated)	Fabricated
	Type of Electrodes (Fixed/Removable)	Fixed
	Maximum buffer volume (ml)	200 ml to 400 ml
	Provision of gel casting gates for sealing the tray	Yes
	Easy Replacement of Electrode Assemblies and Lid Removal to avoid buffer spillage	Yes
	Provision of UV Transparent Gel Trays with Florescent ruler	Yes
Power Supply Unit	System should be provided with atleast three sets of output terminals to deliver constant voltage or current	No
	Output range	NA if not provided
	Led display for voltage, current, power and time	No
	Safety feature	NA if not provided
Service, Warranty, Installation and Commissioning	Training And Demonstration	The installation and demonstration of the machine at the consignee place shall be carried out as part of installation and commissioning
	Warranty	Minimum 1 year from the date of satisfactory commissioning of the equipment
	Post Warranty Support	Agree to provide all supports and spares etc including CMC / AMC as per independent contract if placed by the buyer for 7 years from the date of commissioning
Certification / Test Report	Type of lab which carried out Test of Complete Product to prove the conformity of product as per Governing Specification	OEM/NABL Accredited Lab/ ILAC Accredited Lab
	Agree to provide all relevant documents Test Report/supporting document /reports etc if applicable to the buyer at the time of bidding or on demand	Yes

नियम और शर्तें | Terms and Conditions

1. Special terms and conditions- Version:1 effective from 01-04-2026

1.1 Comprehensive Warranty

The comprehensive warranty shall include preventive maintenance, including calibration as per the manufacturer's technical, service, and operational manuals. It shall cover service charges and replacement of spares, except for consumables.

During the warranty period, commencing from the date of successful installation and commissioning, service personnel shall visit each consignee site at least once every six months or as recommended in the manufacturer's manuals. The warranty shall ensure 98% uptime on a 24 hours × 7 days × 365 days basis. In case of downtime beyond the permissible limit, the warranty period shall be extended by double the duration of the downtime.

• Service Centres

The seller shall provide details of authorized service outlets in India at the time of supply, including complete addresses, telephone numbers, and email IDs. It shall

The seller shall provide documentary evidence to establish the source of the equipment, such as a copy of the proforma invoice or equivalent documents, confirming that the supplied products are manufactured by the indicated OEM and sourced directly from them.

- Packing and Marking

As medical equipment is delicate and sensitive, the packing shall be strong and durable enough to withstand transit (including transshipment, if any), rough handling, and open storage without damage or deterioration. The packaging design shall consider the size, weight, and volume of the equipment, the remoteness of the final destination, and the availability of transport and handling facilities en route.

Each package shall be clearly marked on three sides with indelible paint of proper quality, indicating the contract number and date, a brief description of goods and quantity, packing list reference number, country of origin, and any other relevant details. Accessories shall be suitably labeled and packed.

- Spare Parts

The seller shall provide all relevant information and materials pertaining to spare parts manufactured and supplied by the OEM. It shall be ensured that required spares remain available for purchase for at least 10 years from the date of supply. In the event of discontinuation of any spare part, the seller shall give sufficient advance notice to the buyer/consignee to enable advance procurement.

The OEM and its authorized service centres/dealers shall maintain adequate inventories to ensure ex-stock availability of consumables and spares. Further, the OEM or reseller shall accord the buyer/consignee "most favoured client" status and offer the most competitive prices for all spares and consumables related to the supplied equipment.

- Installation, Training, and Manuals

The seller shall be responsible for installation, commissioning, supervision, and demonstration of the equipment. Required jigs, tools, and minor civil works needed for installation shall be provided by the seller. Training shall be imparted to the consignee's representatives for proper operation and maintenance of the equipment. The seller shall supply the required number of operation and maintenance manuals.

If the product category parameters specify any additional requirements for installation, training, or documentation, those shall also apply.

- Electrical Safety Checking

The seller shall furnish a list of equipment and instruments required for performing routine and preventive maintenance to the buyer/consignee. Periodic electrical safety checks shall be performed as per relevant BIS safety standards or equivalent. If the seller does not possess the required testing facilities, safety compliance shall be verified through accredited laboratories during each preventive maintenance visit.

- Software

All software updates shall be provided free of cost during the warranty period.

2. General Terms and Conditions-

2.1 This contract is governed by the General Terms and Conditions, conditions stipulated to this Product/Service as provided in the Marketplace.

2.2 This Contract between the Seller and the Buyer, is for the supply of the Goods and/ or Services, detailed in the schedule above, in accordance with the General Terms and Conditions (GTC) unless otherwise superseded by Goods / Services specific Special Terms and Conditions (STC) and/ or BID/Reverse Auction Additional Terms and Conditions (ATC), as applicable

2.3 All GeM Sellers/Service Providers shall ensure full compliance with all applicable labour laws, including the provisions, rules, schemes and guidelines under the four Labour Codes i.e. the Code on Wages, 2019; the Industrial Relations Code, 2020; the Occupational Safety, Health and Working Conditions Code, 2020; and the Code on Social Security, 2020 as and when notified and brought into force by the Government of India.

For all provisions of the Labour Codes that are pending operationalisation through rules, schemes or notifications, the corresponding provisions of the pre-existing labour enactments (such as The Minimum Wages Act, 1948, The Payment of Wages Act, 1936, The Payment of Bonus Act, 1965, The Equal Remuneration Act, 1976, The Payment of Gratuity Act, 1972, etc. and relevant State Rules) shall continue to remain applicable.

The Seller/ Service Providers shall, therefore, be responsible for ensuring compliance under:

- All notified and enforceable provisions of the new Labour Codes as mentioned hereinabove; and
- All operative provisions of the erstwhile Labour Laws until their complete substitution.

All obligations relating to wages, social security, safety, working conditions, industrial relations etc. and any other statutory requirements shall be strictly met by the Seller/ Service Provider. Any non-compliance shall constitute a breach of the contract and shall entitle the Buyer to take appropriate action in accordance with the contract and applicable law.

Note:

1. Sellers are required to raise invoices online as per the contract terms on GeM portal. Timely invoice submission is mandatory for compliances, smooth payment processing, and will also contribute to improving their ratings.
